

In-School and District Authority Scholarships

Online submission from February 15 - April 26, 2024.

**In-School and District Authority Scholarships are due on April 26 by 4 PM.
Late applications will not be accepted.**

For IN-SCHOOL scholarships:

Take the time to read through the application in advance and look at what information will be required.

Note that the evidence for Athletics, Volunteer, Academics and Extra-Curricular has a character count of 1000 characters per response. We recommend that you formulate your responses in advance in a separate word document and copy and paste when the time comes to complete and submit your application. You cannot start and stop the application, and keeping the window open for multiple days in a row can sometimes cause a student to accidentally close the window or refresh unintentionally, losing your responses. Hence, writing them in advance and completing it in one sitting will prevent such problems.

Once you hit submit you should get a confirmation on screen. If you are unsure if it was submitted successfully, feel free to email rogerson_s@surreyschools.ca and she can confirm manually as well.

You will be required to submit a name of a teacher who can serve as a reference for you. You **DO NOT** need a reference letter from that teacher, however, asking them in advance if they will serve as your reference, is a courtesy.

Your best 5 grade 12 courses, plus English 12, will be used to calculate your GPA. Students must take a minimum of 6 classes in their grade 12 year at Sullivan Heights to qualify for In-School scholarships. Summer School, SAIL or other distributed learning courses are not included in this calculation. If your English 12 course is not completed or taken online, we will use your grade 11 English mark.

For DISTRICT AUTHORITY scholarships:

Take the time to read through the application in advance.

You may apply for more than one district authority scholarship (for example Dance and Modern Languages), but each requires a separate application. A student can only win ONE district authority scholarship.

For each district authority scholarship, the student must submit a portfolio (google slides or office365 PowerPoint) as part of the application process. This is to demonstrate your excellence in the area in which you are applying.

See below for some excellent examples of portfolios from previous grad classes.
